Hello, this is Aru.
As I was working on chapter 26, I felt like things are progressing too slowly, so I just restarted everything.

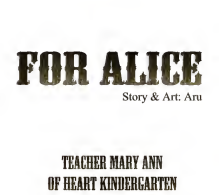
Although it doesn't have any deadlines, I won't be able to upload any time soon, so I brought a small manhwa (on my own) to -.

I tried to present "When you were asleep 2', but I wanted to make all characters appear so I brought a dif-ferent one.

As for its quality,
it's like doing whatever and dumping everything in when making cookie dough.

Just, read, laugh and leave a comment..
(maybe)

Your class is a bit bustling, but they are all very nice.
STAR CLASS
MOON CLASS
Haha. Are the kids really lively?
ANDROMEDA CLASS



No... Something strange just appeared out of nowhere.
Why make me into an outsider in the middle of the universe?? At least give me universe trash

Andromeda Class has to be better than this..

I'll eat it when I get hungry again. Eating when you're not hungry is a waste of food.
This kid is already worrying about wasting food...

But, if you drink lots of milk, you'll grow up a lot!!

If you don't drink it when others are, you might end up being the only small one~
